

KOHLER® COMMAND AND COMMAND PRO

Enhance engine performance with KOHLER heavy-duty air cleaners.

Premium air filtration for Command® and Command PRO® 18-28 HP engines.

- Reliable two-stage filtration system
- Large filter extends service intervals
- Promotes longer engine life
- Promotes productivity, less downtime
- CARB/EPA certified

BORN TO RUN™

PROTECT YOUR INVESTMENT WITH HEAVY-DUTY AIR CLEANERS FOR COMMAND® AND COMMAND PRO® 18-28 HP ENGINES.

When standard air cleaners won't cut it, KOHLER Command and Command PRO air cleaners provide exceptional filtration to maintain clean-running engines. Lightweight, compact and easy to install, these air cleaners deliver trouble-free filtration to keep you on the job.

KOHLER heavy-duty air cleaners offer these unique features:

- Swirl design collects/ejects trapped dust
- Main filter has 1,398 sq. in. of effective area, 146% more than our standard air filter
- 5 micron main filter traps dirt
- 8 micron inner filter protects carburetor
- No tools needed for serviceable items

Vertical-Shaft Kit

Ejector valve on air cleaner continuously eliminates dust that swirls inside the air cleaner canister.

Air cleaner has two filters: the main filter traps dirt while the inner filter prevents carburetor contamination during main filter servicing.

OPTIONAL "FILTER MINDER"

Available in two styles, this device is a vacuum-type gauge that detects air inlet restrictions. The machine operator will know when to service the air filter when the yellow indicator reaches the red line.

Remote-mount: Filter Minder includes 10' hose.

Direct-mount: Filter Minder attaches to air cleaner canister.

WHAT TO ORDER

	ENGINE-MOUNTED AIR CLEANER KITS		AIR FILTER REPLACEMENTS		"FILTER MINDER" KITS		
	Model	Air Cleaner & Hood Kit*	Carb Adapter & Hose Kit*	Main Filter	Inner Filter	Remote Mount	Direct Mount
HORIZONTAL	CH18/20/22 (624cc)	24 743 22-S**	24 743 20-S	25 083 01-S	25 083 04-S	25 755 18-S	25 755 24-S
	CH22/23 (674cc)	24 743 22-S**	24 743 25-S	25 083 01-S	25 083 04-S	25 755 18-S	25 755 24-S

* For complete system, both the Air Cleaner & Hood Kit, plus the Carb Adapter & Hose Kit, are required.

** For remote-mount system, the Air Cleaner & Hood Kit is 24 743 23-S. Requires Kohler approval for CARB/EPA certification.

*** For CH730/740, carburetor replacement is necessary. Order assembly 24 853 93-S.

Note: Heavy-duty air cleaners are currently NOT usable on engines with a plastic intake manifold.

Certification #US97/0977
